PACT OF CO-RESPONSIBILITY BETWEEN BUDRIO'S BOARD OF EDUCATION AND THE FAMILIES OF CHILDREN ENROLLED IN PRIMARY SCHOOL

On Organizational, sanitation and individual behaviors aimed at containing the spread of Covid-19 contagion

The undersigned PATRIZIA PARMA, pro- tempore director at the board of Education of Budrio and

Mr/Mrs

as a parent or holder

of the parental responsibility of

, born in

(), resident in , address _____

THEY SIGN THE FOLLOWING CO-RESPONSIBILITY PACT REGARDING THE ATTENDANCE OF ----- TO THE PRIMARY SCHOOL FEDORA SERVETTI DONATI OF BUDRIO

In particular, the parent (or parenting responsibility holder) declares:

- The regularity of the vaccination coverage of the child for whom attendance is required for educational activities (L. n.119/2017);
- To be aware of COVID-19 infection containment measures in force on today's date;
- That, at the time of signing the pact, the child or cohabitant within the household is not subject to the quarantine measure and does not test positive for COVID-19;
- to commit to keep their child at home in the presence of fever (equal to or greater than 37.5 degrees) or other symptoms such as coughing, headache, gastrointestinal

symptoms, breathing difficulties, myalgia, nasal congestion, sore throat, conjunctivitis, loss of smell or taste and to promptly inform the pediatrician and school through the filling in of the appropriate online form on the school's website, the appearance of the above symptoms or fever (as *indicated* in the "*ISS COVID-19 n.58/2020*");

- To be aware and accept that, in the event of fever (temperature equal to or greater than 37.5 degrees) or symptoms (including those listed above), the school's staff provides for the isolation of the child and to immediately inform the family members. The physician/pediatricians of free choice will evaluate the case and will, if necessary, contact the Department of Public Health (DSP) for the expected investigations;

- To be aware and accept that, in the case of COVID-19 positivity, the child cannot be re-admitted to school until healing has fully occurred, certified according to the protocols provided by the Department of Public Health.

- To be aware that, readmission to school will be possible without a medical certificate in the event that the pediatrician has assessed that the child's symptoms are not attributable to a diagnosis of Covid-19.

- To be aware that, readmission to school requires the pediatrician's certificate if she/he has assessed the necessary diagnostic assessment through the swab and that the test has given a negative result.

- In case of positive swab, the child will remain at home until symptoms are resolved and will return to the community with a certificate that states he has been adequately informed by the operators of the educational activities about all organizational and sanitation provisions for safety and for the containment of the risk of spreading the contagion from Covid-19 and in particular about the provisions for access and exit from the facility;

- To commit to adopt, even in the times and places of the day that their child does not spend in the facility for educational activities, behaviors of maximum precaution about the risk of contagion;

- To be aware that at the time of a resumption of interaction activities, although controlled, it is not possible to eliminate the risk of contagion, which must be

minimized through the scrupulous and rigorous observance of the precautionary and safety measures provided by special protocols for the conduct of activities; For this reason, it is important to observe the utmost caution even outside the context of educational activities.

In particular, the service declares:

- To have adopted any organizational and sanitary provision in order to contain the spread of Covid-19 infection in accordance with current legislation and to provide families with adequate information on this issue;
- That for the realization of educational activities, it employs adequately trained staff on all aspects relating to sanitation procedures to combat the spread of contagion. The staff itself commits to carefully observe every sanitary prescription and to go to work only in the absence of any symptoms relating to Covid-19;
- To strictly and scrupulously comply, in the case of acclaimed Covid-19 infection by a child or an adult coming and going out of the facility to the provisions of the local health authority.

The signing of this pact commits the parties to respect it in good faith. From a legal point of view, it does not release those who sign it from any liability in case of non-compliance with regulations relating to the containment of the Covid-19 epidemic.

The parent (or parenting holder) The Pro- tempore Director Bernardi Benedetta
